**ANNEXE: REVISED PER
CAPITA TOTAL TOURIST
EXPENDITURE.**

TABLE A1 comprise revisions in the monthly per capita total tourist expenditure for the years 2002-2005.

The monthly calendar of NSO News Releases may be consulted on the Office's website at www.nso.gov.mt

Tourism

Departing tourists: February 2006

In February 2006, the estimated number of tourists departing from Malta increased by 6.6 per cent when compared to the corresponding month last year, reaching a total of 47,301. Tourist departures by air were estimated at 47,263, an increase of 6.7 per cent when compared to February 2005.

Air tourists from the UK market increased by 8.6 per cent, when compared to the same month last year, reaching a share of 50.4 per cent of the total. The German market increased by 24.4 per cent reaching a share of 14.4 per cent of the total market. Other increases in tourist air departures were recorded from Italy, Austria, the Netherlands, Russia, Libya and the US.

On the other hand, the French market registered a decrease of 11.4 per cent when compared to February 2005, reaching a total of 2,517 tourists. Other drops in tourist air departures included those from Belgium, Denmark, Sweden, Norway, Switzerland and a group of 'other' markets.

Purpose of visit

When compared to February 2005, the number of holiday tourists went down by 3.6 per cent to 34,450, whereas an increase was registered in business tourists which were estimated at 8,953.

January - February 2006

In the first two months of 2006, total departures reached 97,823, a 0.3 per cent increase when compared to the same period last year. Air departures increased by 0.8 per cent. An increase of 6.8 per cent was registered in British tourists accounting for 48.4 per cent of the total market. Other increases were recorded from Austria, Belgium, France, the Netherlands and the US.

On the other hand, German tourists decreased by 4.6 per cent, accounting for 11.7 per cent of the total. Other drops were recorded from Italy, Denmark, Sweden, Norway, Switzerland, Russia, Libya and a group of 'other' markets.

Accommodation

In the period under review, the number of nights spent by tourists departing by air was estimated at 959,895, a decrease of 4.7 per cent when compared to the same period in 2005. The number of nights spent in hotel accommodation establishments went down by 5.6 per cent and accounted for 73.1 per cent of the total nights spent. Tourists opting for a stay in Gozo reached 2,511 - 2.5 per cent of the total.

Tourism expenditure

In the first two months of 2006, expenditure on package travel decreased by Lm1.3 million to an estimated Lm14.1 million, a decline of 8.6 per cent over the corresponding period a year ago. Non-package tourists spent Lm3.9 million on airfares and Lm2.8 million on accommodation thereby increasing total expenditure on non-package travel by approximately Lm0.7 million or 10.9 per cent. Other expenditure from both package and non-package tourists increased by Lm0.5 million to Lm11.2 million.

Overall, in the period under review total tourist expenditure decreased by Lm0.2 million or 0.5 per cent ■

* A weighted average of the 'package' and 'non-package' expenditure categories based on the respective number of tourists in each category plus the simple average of the 'other' expenditure category.

Methodological Notes

1. Tourist air departures are collected through a continuous survey carried out at the departure lounge of Malta International Airport. A two-stage sample design is used for this survey. At the first stage alternate days are selected. Then within each shift a sample of passengers is selected systematically. Personal interviews are carried out. Monthly response rates of around 90 per cent are achieved.
2. Tourist sea departures are collected through a regular survey that is carried out at the seaport. Ferry sailings on every alternate day are selected. Departing passengers are interviewed personally. On average a response rate of 93 per cent is recorded for this survey.
3. The variables collected in these surveys include the following:

Nationality	Number of nights stayed
Country of residence	Locality in Malta stayed longest
Flight/Sailing	Organisation of trip
Final destination	Form of transport used
Purpose of visit	Expenditure (package/non-package/other)
Frequency of visit	Age
Gender	
4. The expenditure data contained in this release should not be equated to national tourism earnings. Such expenditure includes elements that are earned by enterprises outside the Maltese economic territory.
5. The surveys carried out at the airport and the seaport are grossed up using the monthly passenger departures data in respect of each port after removing the number of transit passengers from the data sets. The monthly passenger departures data published by the Malta International Airport cannot be equated to tourism statistics because the former is inclusive of departing Maltese and transit passengers. As a result, the monthly tourism statistics published by the NSO are always lower than the combined passenger departures data available from the airport and seaport.
6. Definitions

Usual Environment consists of the direct vicinity of his/her home and place of work and other places frequently visited

Visitors comprise tourists and same-day visitors. Visitors are distinguished from other travelers according to the following criteria:

- The trip should be to a place other than that of the usual environment.
- The stay in the place visited should not last more than 12 consecutive months.
- The main purpose of visit should be other than the exercise of an activity remunerated from within the place visited.

International tourist satisfies the criteria mentioned earlier regarding visitors. Additionally, international tourists must stay at least one night in a collective or private accommodation in the country visited.

International same-day visitor is an international visitor who does not spend at least one night in collective or private accommodation.

7. The data in this release are not normally subject revision.
8. Further methodological notes are available at www.nso.gov.mt/publications/Tourstat/Tourstat2003.pdf

The NSO emphasises that the **revisions** included in the annexe do not in any way affect total tourism expenditure in Malta for the period in question. These revisions are being published following a methodological error detected in the calculation of the **per capita total tourist expenditure**. This is in line with the revision policy of the NSO.
