Summer Daze Malta returns for 2019 edition!

Some of the world's biggest pop acts and DJs are locked in for the second ever edition of Summer Daze Malta. The newly expanded event, which was launched today at Ta' Qali Family Park by Minister for Tourism, Konrad Mizzi, will take place on 11-17th August at various venues across the idyllic Mediterranean island.

With the event being organized in collaboration with Creamfields and BBC Radio 1 Dance, house duo The Martinez Brothers kick off proceedings on 11th August with a performance in partnership with well-known Malta clubbing brand GRINGOS.

Meanwhile the main events will take place over 14th-15th August at the Ta Qali National Park - which hosted Rita Ora last year - with underground legends in the form of Paul Kalkbrenner, Loco Dice, Green Velvet, BBC Radio 1's Monki and local favourite Carl Bee all scheduled to play on the 14th of August.

The following day sees the line-up shift towards more pop-focused acts, with the likes of David Guetta, Tyga, James Arthur, Danny Howard, Alle Farben, Tenishia and a slew of local artists all making an appearance.

In collaboration with VisitMalta Events, tickets for both main events are entirely free.

The following day, Christian 'Bobo' Vieri, the former Italy international striker, will be sound tracking a sunset pool party at the Medasia beach club, while there is also a Vida Loca showcase at the island's UNO nightclub.

Summer Daze will then return to UNO the following day for the closing event, with house music royalty Roger Sanchez set to headline alongside Miami-based DJ Kristen Knight, for a party in association with ZIGGY.

Building on the success of its maiden year, Summer Daze Malta has stepped things up for 2019, with a serious line-up of local and international talent set to soundtrack parties in multiple locations across the island.

The Malta Tourism Authority's Executive Chairman, Dr Gavin Gulia, welcomed back the Summer Daze festival for its second edition, with this year's extended and fantastic line up. Dr Gulia continued by saying that these events will surely help in growing Malta's reputation in the festival tourism sector and thanked all those involved in making such events take place.
