## Buffet Services

**Buffet services in catering establishments can be offered subject to the following conditions:**

Buffet services can be offered based on the principle that there shall be no customer manipulation and intervention. Buffet service offered by catering establishments will need to be fully assisted, i.e. staff will load individual plates from behind full acrylic or tempered glass screens. The food on offer in the buffets must also be fully behind acrylic or tempered glass screens. Staff must continue to wear appropriate masks/visors and follow established practices in terms of maintaining social distances at all times, particularly controlling of queues of patrons waiting to be served at buffet tables. The provision of single use condiments is also to continue.
