New Standards for Gatherings and Events Published

The Malta Tourism Authority advises all organisers of Gatherings and Events for more than 100 attendees, that newly published Standards under the Public Health Act Chapter 465 of the Laws of Malta, together with two self-completion forms, for risk assessment and event checklist, have been uploaded on the Malta Tourism Authority's website <https://www.mta.com.mt/en/news-details/273>

Organisers are encouraged to familiarise themselves with the responsibilities and obligations arising from the new Standards and to submit their application via the email riskdepository@visitmalta.com. Email link is also provided in self-assessment tools directly.

On Monday 3rd August at 15.00hrs, MTA CEO Johann Buttigieg and MTA Director Compliance David Mifsud will be hosting a Facebook Live session to give more in depth information and answer questions about these new Standards for Gatherings and Events.

Organisers are urged to submit their applications well ahead of planned Events and Gatherings. The Risk Assessment Score has a very important bearing on the decision whether the event is permitted to be held or not.
